

**REMARKS**

The application has been reviewed in light of the Office Action dated January 3, 2003. Claims 28-40 are pending in this application.

The specification and claims now present trademarks in capital letters followed by "TM."

Without conceding that there is double patenting, Applicants submit herewith an executed Terminal Disclaimer, attached as **Exhibit C**, thus obviating the obviousness-type double patenting rejection.

The application should now be in condition for allowance.

If a petition for an extension of time is required to make this amendment timely, this paper should be considered to be such a petition, and the Commissioner is authorized to charge the requisite fees to our Deposit Account No. 03-3125. The Office is hereby authorized to charge any additional fees that may be required in connection with this amendment and to credit any overpayment to our Deposit Account No. 03-3125.

If a further telephone interview could advance the prosecution of this application, the Examiner is respectfully requested to call the undersigned attorney.

Entry of this amendment and allowance of this application are respectfully requested.

Respectfully submitted,

---
